

## Introduction to Management

This exciting 3 day course is ideal for new managers and those about to lead.

Designed to cover foundational management skills, this course will give delegates solid skills from which to lead.

### Outcomes

At the end of the course delegates will be better equipped to:

- Set SMART objectives
- Effectively plan to achieve those objectives
- Know when, how and why to delegate
- Communicate effectively with a team
- Review and modify team performance

### Course Methodology

This course encompasses classroom based teaching with exciting tasks and exercises that can be completed in a range of different settings.

Teaching is delivered on setting objectives, planning, communication, reviewing performance and building relationships. The exercises then allow these skills to be practiced.

Detailed reviews of the exercises and individuals provides leaders with the opportunity to implement what they have learned and develop an effective style of leadership, that they know works from experience and is not just theoretically based.

### Course Delivery

This course can be delivered as a standard course or designed specifically around a client's needs and culture. Typically the course is delivered from a hotel and utilises the hotel grounds and surrounding environment. The exercises usually involve some physical activity such as caving, kayaking or mountain walking.
