## MARBLE RUN

Teams strive to complete a giant roller coaster-like contraption, the Marble Run. It is a series of pipelines and gadgets that carry a ball to pass from one end to the other.

In order to succeed, the whole team must coordinate their efforts – synergy is essential! At the end, helium balloons are released to signal the teams' success.

The entire team is divided into 5 groups - each group must complete a section of the marble run and ensure it joins with the groups before and after it. Equipment is earned by completing varied mini-tasks.
